

Test before deployment to the Grid

This test uses the NSS 08 demo.

This is a test for 64 bit installation.

```
cd /afs/cern.ch/sw/arda/install/DIANE/Geant4/G4DemoNSS2008/apps/G4Brachy
export G4WORKDIR=$PWD/workdir
export VO_GEANT4_SW_DIR=/afs/cern.ch/sw/geant4/stat_testing/december08/code/dir64bits
source ${VO_GEANT4_SW_DIR}/setup.sh
gmake clean
gmake
$G4WORKDIR/bin/Linux-g++/Brachy macros/default.mac
```

Repeat the same test on lx32slc4 and change the VO_GEANT4_SW_DIR.
