If you have comments about this page or questions as to where and how to insert information into the ATLAS Computing TWiki, please contact [Stephen Haywood](#).

Work to do for this page:

Along with the translation of the remaining .php pages:

- Under "Users and Developers" heading, absorb For Users and Developers into TWiki and remove overlaps between Info for Developers, Info for Users and Software Development Workbook.
- Under "Code Management" heading, absorb S/w Infrastructure into Software Infrastructure Team (SIT).
- Rationalise Computing Operations under "Production System" with Computing Operations under "Operations".

Major revisions:

- StephenHaywood - 20 Mar 2007 - major revision
- SteveLloyd - 20 Nov 2007 - unification with static pages
- StephenHaywood - 15 Jul 2008 - tidy up
- StephenHaywood - 31 Jul 2008 - "New" page becomes default
