CMS Top Quark Physics Summary Figures

1
### CMS Top Quark Physics Summary Figures

- **The ttX summary figures**
  - tt cross section
  - tt production with additional b quark
  - tt production in addition to a vector boson
  - tt cross section summaries in Run I
  - The top quark pT trend from tt in Run I
- **Top quark mass and properties summary figures**
  - Top quark mass measurements
  - Forward-backward asymmetry in tt
- **The tX summary figures**
  - Cross sections
  - Determination of V_{tb} (Run I only)
  - The FCNC searches
- **Summary of EFT measurements with top quark events**
- **CMS+ATLAS combinations and summary figures**
- **Summaries of CMS cross section measurements including top**
