nnn Algorithm

Complete:

Goal of the page

State what the reader is expected to learn from this page, e.g., This page is intended to familiarize you with ...

Contacts

Introduction

Usage of the algorithm

Explain what a user needs to know when using the algorithm:

- when to use this algorithm
- configuration sequences
- default parameters
- how (and why) to change the default parameters
- products

Algorithm documentation or Implementation details

Explain the design of the algorithm to ensure that the software can be maintained once the existing authors have left:

- design arguments - why this is done as it is done
- description of algorithm.

Testing
