8.8 Hands-on Advanced Tutorials (HATS)

Complete: ████████
Detailed Review status

Introduction

The Hands-on Advanced Tutorials started at LPC, Fermilab in summer of 2013 as half-day events. These were designed for more detailed hands-on sessions of specific, topics at a level beyond what is typically presented as Short Exercises at the CMSDAS. Links to each of the Indico pages for the tutorials (and, where available, the exercises themselves) are listed below. Links to these can be found at this page: [LPC HATS](#).
