

3.1.0 PPS Update 48

Release date: 04.06.2009

Preface

This release contains a quick fix for lcg_util and GFAL that had to be removed from the previous update 47. It also contains a patch that wasn't properly moved to PPS and had a broken dependency in the lcg CE. It also releases a new version of globus-gma.

Mirroring

Changes have been committed in the following repository locations:

1) The new packages can be found here:

- <http://grid-deployment.web.cern.ch/grid-deployment/glite/pps/3.1/generic/sl4>
- <http://grid-deployment.web.cern.ch/grid-deployment/glite/pps/3.1/glite-WN/sl4>
