

## DJRA1.4.3 - Infrastructure Area Work Plan and Status Report (M24)

This deliverable contains the detailed work plan of the Infrastructure Services technical area compliant with the overall EMI Technical Development Plan. The plan is released early in the project life and updated every year including a status report on the achievements of the past 12 months compared to the planned objectives. The status report at M03 will cover the state-of-the art while the work plan at M36 will provide recommendations for further work. [month 24].

This is an update of DJRA1.4.2 (M12) [↗](#)

### P1 external reviewers' report on D5.4.2 Infrastructure Area Work Plan and Status Report (M12)

This deliverable is an update of D5.4.1. Objective-level progress and deviations from the original plan are reported in a status update. The work plan has been enhanced with some detail about the anticipated capability of each component when the associated activity will be complete. More detail could still be provided. There are also initial attempts to define how some of the associated development tasks will achieve the anticipated capability defined in the respective objectives.
