

ARC GFAL plugin

Description/work on ARC GFAL DMC

- First overview of GFAL API to be used in ARC plugin:

- Initial prototype implementation started
- Using file:// plugin as starting point
- Building on SL5 with EMI1-RC4 libs
- Problems so far:
 - ◆ gfal_open hangs when using SRM - hopefully fixed in next release.
 - ◆ gfal_opendir returns "unsupported protocol" when given srm:// url.
 - ◆ can only get filename (not creation date etc.) from gfal_stat output.
