

Telco 2011-12-16

Participants

- Alvis
- Björn
- Martin

Publication of Workplan

- Björn created polished version
 - ◆ Requires further input from C++ developers
 - ◆ Ok/not Ok for everyone?
 - ◆ Martin will provide feedback.
 - ◆

Implementation status

* 50% for each of the implementations

AOB

Marco would like the following question to be answered:

- does the libarcmessage support globus proxies?
 - ◆ need to rephrase to "do the plugins support proxies"?
 - ◆ Yes, through GSI plugin
 - ◆ There's also a credentials library supporting both legacy and current Globus proxies
 - ◆ no dependency on Globus for proxies though (good)
 - ◆ communication through gsiftp does depend on globus
- Is IPv6 compliant?
 - ◆ Should be supported in message and tcp plugins
 - ◆ Same holds for UNICORE

API definition

- Still to be done (2012)
