Title: CERN's configuration infrastructure

Duration:
A bit less than 5'.

Public

Material is public but most relevant to CERN users. This tutorial can be useful for people who attended the Agile with Puppet course as a material supplement.

Material

Terminal recording with asciinema.

Description

The tutorial in some words: This short video tutorial explains CERN's configuration infrastructure and a tutorial explaining how to create, configure and delete machines or hosts. The main points are: 1.1 and 3 (from 3.3 to 3.11 + 3.13) on this page http://configdocs.web.cern.ch/configdocs/index.html

CERN video content owner

CERN IT - lecturer David Moreno Garcia - Additional contact person Juan Manuel Guijarro.

Other information:

Which is the official documentation page?

Related Videos

An example of what could be good: the Angular videos https://www.youtube.com/user/angularjs (Is this it?)

Video Discussion

question on why we can't see the video played if we click on the attachment index.html (Pete?)
question why we can't finish the asciinema2gif conversion due to dependencies on my ubuntu 16

(David): maria@PCITES91:~/e-learning/asciinema$
unzip asciinema2gif-master.zip !!!!!!!! This .zip was taken from https://github.com/tav/asciinema2gif
Archive: asciinema2gif-master.zip

creating

asciinema2gif-master/ inflating:
asciinema2gif-master/.eslintrc inflating:
asciinema2gif-master/README.md inflating:
asciinema2gif-master/asciinema2gif inflating:
asciinema2gif-master/master/render.js

This script has unmet dependencies. You need to install these first: gifsicle phantomjs

-- Maria Dimou - 2017-02-02

Maria must run `apt-get install` on her PC to install both gifsicle and phantomjs and try again. Maybe the problem with index.html display will also go away.
