

## Welcome to the internal FASER page for plots/material to be shown in Public

The idea of this page is to keep a repository of plots/material that can be shown in public talks / documents on FASER. The contents are informally approved by the Collaboration. The main purpose is to avoid showing results that are wrong (or likely to be wrong), to avoid key messages changing too often, and to make it easy to find the best material to include in talks. Plots from FASER papers are available here.
