Display Screen information

At CERN there are a number of Displays running SCALA. This is managed by the IT Audiovisual service - see their sharepoint pages [↗](#)

Batiment 28

- Network Details from netdb [↗](#)
- Hardware: NEC M40 [↗](#) with an embedded PC [↗](#)

At the moment Andrew Elwell has an account to manage content - please let him know of any content you would like added.

Requirements:

- Operational status of WLCG sites
- Googleearth view cycling / windowed
- Beam status (windowed)
- gstat2 info? hard without interaction to drill down to meaningful
- Other TBD

Batiment 513

- Network details from netdb:

There was also a pilot project - see EGEE.ConcertoScreens using a GPL alternative to scala
