Documentation for librarians

This page contains documentation intended mainly for LHCb software librarians

Administration tools

- The LBSCRIPTS project [↗](#): contains shell and Python scripts previously available on \$LHCBSERVICES and \$LHCBPYTHON
- How to release a Project
- How to add a Project
- How to change the CMT version
- CVS administration

Technical documentation

Optimisation tools and techniques

There are many tools useful to profile C++ and Python: CodeAnalysisTools
