# LHCb Storage Requirements

This page contains updated breakdowns (per space token and site) of the storage capability required by LHCb at T1s.

A always updated snapshot of the storage availability can be consulted on SLS

The table summarizing (for TxD1 Space tokens) the disk space consumption, the disk space requirements, the disk space occupancy as known to LHCb and the total space allocated can be found [here](#).

## The tables

### 2010: Final requirements table for all sites for 2010 [here](#)

---

2009: Final requirements table for all sites for 2009 [here](#) 2009: (LHCb not taking data and feedbacks from sites) [here](#)

2009: LHCb not taking data + CERN reqs: [here](#)

2009: (LHC not taking data) requirements: [here](#)

2008: (post CCRC) requirements: [here](#)

2008: Excel sheet with a breakdown of storage associated to each name space [here](#).
