

## Production Manager for ATLAS Heavy Ion Group

- Tasks
  - Collect the user requests for CSC samples from the physics groups
  - Assign the samples dataset numbers
  - Event generation step is still handled by Borut or Ian
  - Define, request and baby-sit the CSC simulation and reconstruction steps
  - Handle the validation of these samples
  - Check if jobOptions correct
  - Check event structure in the data file

## ATLAS Heavy Ion Group produced MC samples

- Official production
- Private production

## Heavy Ion Packages

- Centrality
