

## Disk space at CERN

- To get more disk space at CERN  
<https://account.cern.ch/account/Services/MyServices.aspx?> After the login, click on Manage for the relevant account.

## AFS

- At CERN you can restore AFS files from the previous-day backup, just do:

```
cp /afs/cern.ch/ubackup/s/surname/filename $HOME/filename
```

## ECDF account registration

To get an account on the ECDF computing cluster in Edinburgh, go to [here](#) and click on the "ECDF Access and Registration" link to get the registration form. Information about logging in and submitting jobs on Eddie is available [here](#).

## Writing papers

Publication committee templates

## CERN VM

- Want to share a folder between your CERN VM and the host? Use VirtualBox (vm name->Settings) to create the shared folder, then add this to /etc/fstab inside the VM

```
Shared /mnt/Shared vboxsf defaults,rw,uid=501,gid=501 0 0
```

Replace the first "Shared" with the name of the shared folder you specified in VirtualBox, and /mnt/Shared with whatever path you want the folder to be accessible as inside the VM (remember to create the directory within the virtual machine, e.g., `sudo mkdir /mnt/Shared`)

- Want to install extra software (e.g. vim) into your CERN VM  
Instructions [here](#).
