vis\_beginners : yes  
Expert\_on\_(vis) :  
Available : 2-3  
Can\_travel : yes  
How\_early : 1month  
Languages : Hungarian, English  
general\_comments : I have participated developing I GUANA/ I GUANACMS as a summer student in 2004 and have done my diploma in jet energy calibration. So I could make tutorials about them on more advanced levels, after a short update study. In Hungary, I also participate in the administration of our Grid, so anything connects to it is on my list.
