TWiki at CERN User Survey.....	1
--------------------------------	---

TWiki at CERN User Survey

TWiki has been used as a document collaboration tool at CERN for over 15 years and it is still being maintained. The goal of this survey is to better understand how TWiki is used, to have the user's perspective of the service and also to understand any future requirements. This will help us to improve our services.

Thank you in advance for spending a few minutes to complete the survey.
