

F. Gerigk, S. Ramberger, R. Wegner, P. Tirado, M. Schuh

SPL

- TRIUMF left collaboration
- Turkey likes to join SPL R&D

PIMS

- Collaboration agreement accepted generally, further documents needed for funding
- HP tests completed
- Structure will be dismantled and send to SM18 to ready for further tests before Christmas
- Final WG-Tuner simulation completed

HOM

- Analyzed dependency of HOM voltage build up on injection energy and cavity geometrical beta
