# atlas-gen-old Email Addresses.

The comparison of the membership of the previous (**old**) **atlas-gen** group (called atlas-gen-old in this page) has been made with the following egroups:

- atlas-active
- atlas-active-ccid
- atlas-active-members-exceptions
- atlas-current-physicists-exceptions
- atlas-gen-external (people who were on the previous atlas-gen but are not registered in the ATLAS database or are registered with a different email address).

The following email addresses correspond to people registered in the "atlas-gen-old" group not anymore "atlas-active" members. All these people are **former ATLAS members**, that means that they still have an entry in the ATLAS database.

Number of members	498
