Title of the lecture

Modular electronics

Name of lecturer

Markus Joos, CERN

Description of the lecture

The lecture will give an overview of some selected standards for modular electronics that are relevant for typical data acquisition projects including:

- CAMAC (just a reminder)
- PCI / CompactPCI
- ATCA / uTCA / AMC
- VXS / VPX

Standards for data communication (Ethernet, PCIe, Infiniband, SRIO) will be mentioned briefly.

Other information

The "classical" VMEbus will be covered in a separate lecture
