

## Question

Dear Support,

when trying to make a public twiki as a supporting document for a paper, I wish to include all the figures in the paper and some extra supporting figures for people giving talks at conferences in a high resolution format, why is it not possible to attach multiple files at once because with, 40+ attachments the process takes a long time.

## Environment

Web Browser:	Chrome
User Location:	Internal
Categories:	Add-Ons, Missing functionality

## Answer

**⚠ If you answer a question - or have a question you asked answered by someone - please remember to edit the page and set the status to answered. The status is in a drop-down list below the edit box.**

This feature is available in the next version of TWiki. At present batch uploads are not possible.

-- PeterJones - 19-Feb-2011

Closed. This feature is part of the Usability Enhancements from version 5
