Answer

▲ If you answer a question - or have a question you asked answered by someone - please remember to edit the page and set the status to answered. The status is in a drop-down list below the edit box.

Up until a few weeks ago all SSO users could edit and create pages. We had a problem with a light weight users (see TWikiAtCernNews) and had to disable edits for light weight registered users. We hope to re-enable this very soon.

External users who have been identified and validated are now again able to edit pages in TWiki.
