

Question

For printing purposes is it possible to force a page break such that a table does not start at the bottom of a page ?

Environment

Web Browser:	IE, Firefox
User Location:	Internal
Categories:	Tables

Answer

⚠ If you answer a question - or have a question you asked answered by someone - please remember to edit the page and set the status to answered. The status is in a drop-down list below the edit box.

Use CSS syntax to force a pagebreak.

Place the following before the break

```
<p style="page-break-before: always">&nbsp;</p>
```
