

Question

Would it be possible to have access to the TreeBrowserPlugin?

<http://twiki.org/cgi-bin/view/Plugins.TreeBrowserPlugin>

Once available, then I would like an example of how to put it in the leftbar of a web.

Environment

Web Browser:	IE, Firefox , Safari...
User Location:	Internal
Categories:	Plugins

Answer

▲ If you answer a question - or have a question you asked answered by someone - please remember to edit the page and set the status to answered. The status is in a drop-down list below the edit box.

Hi

For all plugins we first need to test them out. This particular plugin seems to affect the TreePlugin that is already installed. Perhaps you could look at TreePlugin in the mean time.
