

Question

I have been editing a wiki page for a while, and today I noticed a left bar has appeared on the **right** of my page.

How can I get the left bar back on the left??

Answer

⚠ If you answer a question - or have a question you asked answered by someone - please remember to edit the page and set the status to answered. The status is in a drop-down list below the edit box.

The Tables of Contents tag TOC should be on a new line.
