

Question

Dear Support,

When I try to open <https://twiki.cern.ch/twiki/bin/viewauth/ALICE/ServiceTasksPB> I get the following error message:

Attention
 Access check on ALICE.ServiceTasksPB failed.
 You need to be a member of the egroup alice-member.
 Contact your ALICE coordinator to request membership
 You are logged in as DariuszMiskowiec .
 Action "VIEW": access not allowed on topic.

The problem is that I **AM** member of the egroup alice-member. This page is apparently restricted not to alice-member but to alice-mgt-physics-board-all:

- * Set ALLOWTOPICVIEW = alice-mgt-physics-board-all
- * Set ALLOWTOPICCHANGE = TWikiAdminGroup, TWikiRegistrationAgent, alice-mgt-physics-board-all
- * Set ALLOWTOPICRENAME = alice-mgt-physics-board-all

So why is the error saying "You need to be a member of the egroup alice-member." and not "You need to be a member of the egroup alice-mgt-physics-board-all."?

Best regards, Dariusz

Hello The error message thrown should have information about the access set to the web and to the particular topic (if there are any) . Did you see both errors?
