

Question

I would like to create a web calendar and was wondering what application to use for that?

Hello

Use the CalendarPlugin plugin its very easy to user. For example

`%CALENDAR%` gives

October 2020					
		01	02	03	
04	05	06	07	08	09 10
11	12	13	14	15	16 17
18	19	20	21	22	23 24
25	26	27	28	29	30 31

See CalendarPlugin for more examples
