TWO POSTDOCTORAL RESEARCH POSITIONS ON THE CMS EXPERIMENT AT THE LHC – NORTHWESTERN UNIVERSITY

The Particle Physics Group at Northwestern University invites applications for two post-doctoral research position on the Compact Muon Solenoid (CMS) experiment at the CERN LHC. The positions are open immediately.

The group is looking for outstanding applicants who have obtained, or are about to obtain, a Ph.D. in Experimental Particle Physics. Applicants should submit a CV, a list of publications to which he or she made a specific contribution, and a statement of research interests. Please arrange for two letters of recommendation to be sent.

All the documents should be sent by email:

hep-exp2011@lotus.phys.northwestern.edu

Review of applications will take place as they are received, and the position will remain open until filled. Requests for further information should be sent to the email address above.

Northwestern University is an Equal Opportunity/Affirmative Action Employer. Women and minority candidates are urged to apply.
