LIP-Lisbon invites applications from candidates for postdoctoral researcher positions in the CMS experiment at the CERN LHC.

The fellowships are granted by the Portuguese funding agency FCT (Fundacao Ciencia e Tecnologia). The candidates pre-selected by LIP should enter the application at the FCT site: http://alfa.fct.mctes.pt/apoios/bolsas/concursos/individuais

The appointment is for three years renewable for a second term of three year. Qualifications required include a PhD and a clear demonstration of the ability to carry out a research program.

The LIP/CMS group is very active in top, Higgs and SUSY 3rd generation physics exploiting the discovery opportunities offered by the LHC. The group has also important responsibilities in the operation of the CMS electromagnetic calorimeter.

Applicants should send the CV, including a statement of physics interests, and three recommendation letters to:
Natalia Antunes
Email: natalia@lip.pt
LIP, Av.Elias Garcia, nÂ° 14, 1000-149 Lisbon, Portugal
www.lip.pt
Submission of applications should be made via email.

Please note that the deadline for the online submission of applications to FCT is July 3, 17:00. Candidates should send their application about one week before to the e-mail indicated (natalia@lip.pt). The preselected candidates will be provided with the material needed to fill the FCT online application.
