JOB ANNOUNCEMENT

Announcement Number: 15-23

Position Title: Assistant Professor

Annual Salary: $70,548.00

Location of Position: University of Puerto Rico Mayaguez Campus, Department of Electrical and Computer Engineering

Opening Date: September 15, 2015

Closing Date: November 15, 2015

MINIMUM REQUIREMENTS

The Department of Electrical and Computer Engineering of the University of Puerto Rico at Mayaguez (UPRM) invites candidates for a tenure-track position in Computer Science and Engineering at the rank of Assistant Professor, specifically in the areas of Software Engineering and Cloud Computing. Applicants must have earned a Ph.D. in Computer Science or a related field, and demonstrate high potential for excellence in research and teaching.

DUTIES

The successful candidate is expected to teach undergraduate and graduate courses, publish research work in peer-reviewed conferences and journals, advise graduate students, attract external funding for research or laboratory improvement, participate in faculty committees, participate in continuous improvement and assessment activities of our academic programs,
participate in outreach activities, and support general service activities in the department. It is also expected that the selected applicant will collaborate with current research initiatives at the University of Puerto Rico, as well as in selected agencies of the Government of Puerto Rico, the Federal Government, and affiliated industries.

HOW TO APPLY
Qualified applicants must submit a curriculum vitae, copy of Ph.D. transcripts, a research statement, a teaching statement, and three (3) letters of recommendation to cisephd@uprm.edu

Official Ph.D. Transcripts must be submitted to:
