Notes

Organizational Matters

- Joe starts two-week vacation Monday.
- Patrick arrives in Geneva a week from Monday.
- ESnet handling gap using other team members.
- First transition meeting with USLHCNet occurred last week.
- Agreement than current meeting frequency (every two weeks) is optimal.

Status of EEX planning and activities

- Senator Feinstein has agreed to participate in EEX announcement, now coordinating with Vint Cerf for date that's mutually convenient.
- Overall progress: on track (Greg).
- Report on first meeting with USLHCNet (Joe).
- Discussion of schedule, with large error bars (Joe).
- Access to ANA-100G production link for earlier connectivity to CERN (Greg, Joe).

Actions

- ESnet will aim to have a simple timeline of circuit availability in one month (two meetings from now), showing when circuits go offline and when they become available.
